

REGISTRATION AND PARTICIPATION CONDITIONS FOR THE GRAND PRIX DE SERRE CHEVALIER

The following registration and participation conditions (hereinafter referred to as the “Conditions”) govern the relationship between SCV Domaine Skiable (hereinafter “SCV”), operator of the Serre Chevalier ski resort’s ski lifts, and any consumer registering for the sporting competition known as the “Grand Prix de Serre Chevalier” (hereinafter the “Grand Prix”) competitor (hereinafter the “Competitor”).

Two routes are offered: the “Daredevil Route” and the “Gentle Route.” For both routes, the start is at the top of the Serre Chevalier cable car (Chantemerle), and the finish is at Salle-Les-Alpes (Pontillas Cable Car Square). The routes are revealed seven days before the Grand Prix.

The routes consist of several timed trials (or “specials”) that the Competitor must complete in a predetermined order. Linking stages, connecting one trial’s start to another, are not timed.

The Competitor may participate alone or as part of a team with another competitor.

Points are awarded to the Competitor based on the time taken to complete each trial. A ranking is then established among competitors, and a prize ceremony is held at the end of the Grand Prix.

A refreshment area is set up along the route. Additionally, a breakfast is offered at the start of the Grand Prix, at the top of the Serre Chevalier cable car. A meal is also offered to competitors at the finish area in Salle-Les-Alpes. By registering for the Grand Prix, the Competitor unreservedly accepts the Conditions.

The Ski Patrol Director may convene the municipal ski area safety committee at any time according to the order establishing this committee.

In the case of a serious accident, a multi-casualty accident, or delays in state intervention, the Ski Patrol Director is authorized to mobilize a private helicopter and will report this to the mayor.

Rescue costs are invoiced on behalf of the municipality by the Revenue Authority to the beneficiary of an evacuation by the ski area safety service, regardless of the method used or the sport practiced in the ski area (on or off-piste), following the rates set annually by the municipal council resolution.
